Since 1990, Child Care Aware® of Kansas has worked to ensure families have access to affordable, high-quality child care. We improve child care quality and advocate for changes that impact the lives of children and families.

Through four regional Child Care Resource and Referral Agencies (CCR&Rs), our network provides services to every county in Kansas. These services include:

- Helping families find child care
- Supporting child care providers to improve quality
- Providing consumer education information about quality child care
- Collecting data about child care trends
