Online Training Opportunities

Child Care Aware® of Kansas Online Learning courses are designed for busy early childhood professionals. These courses meet annual KDHE training requirements for Licensure as well as training requirements for the Child Development Associate (CDA) credential. Find courses that provide information and ideas for activities with children, such as:

Using the Arts as a Teaching Tool

This course familiarizes students with way art can be used to help children develop physically, as well as cognitively. It discusses how including art in education contributes to the social, physical, creative, and intellectual development of children. Participants will learn the differences between left-brained and right-brained learning, ways to incorporate art into an integrated curriculum, learner-appropriate art activities and the potential hazards in art classrooms. 1 hour/.1 CEU

Using Visual Arts to Enhance Development

This course familiarizes students with the visual arts and how art activities aid childhood development. It discusses the stages of early childhood development and how using the visual arts as a teaching tool can help children meet academic and physical goals. Participants will learn age-appropriate visual arts activities that enhance skill development, visual arts activities appropriate for children with special needs, general ways to incorporate visual arts into classroom activities, how technology involving visual arts can be used to teach developmental skills, and potential hazards in art classrooms. 1 hour/.1 CEU

Early Childhood Wellness Newsletter

The Early Childhood Wellness Newsletter is a monthly newsletter that is distributed electronically to child care providers. It includes helpful information focused on physical activity and nutrition. Also included is a "clip n' share" recipe - a great resource to share with parents!
