Online Training Opportunities

Child Care Aware® of Kansas Online Learning courses are designed for busy early childhood professionals. These courses meet annual KDHE training requirements for Licensure as well as training requirements for the Child Development Associate (CDA) credential. Find courses that provide information and ideas for activities with children, such as:

Nutrition

This course discusses the USDA Child and Adult Care Food Program guidelines for meal planning, food preparation, and food safety in order to provide a positive meal service for young children. Topics include proper meal-planning techniques for infants, preschoolers, and school age children, components of appropriate meal and snack settings and basic principles of food preparation, storage, and waste disposal safety.

Nutrition Curriculum Development Tools

This course discusses proper nutrition and offers suggestions to assist child care providers when teaching young children basic nutrition concepts. Learn the components of the USDA MyPlate, how to make learning about new foods fun, and methods for educating young children about the importance of proper nutrition.

Early Childhood Wellness Newsletter

The Early Childhood Wellness Newsletter is a monthly newsletter that is distributed electronically to child care providers. It includes helpful information focused on physical activity and nutrition. Also included is a "clip n' share" recipe - a great resource to share with parents!
